

FIRE PROTECTION TECHNOLOGY

Associate of Applied Science Degree
Certificate

LINCOLN CAMPUS

www.southeast.edu/FireProtection

If you have the desire to help people in distress and be part of a community, this program is for you. It will provide you with the necessary skills to work in small and large fire departments, state and federal fire agencies, ambulance services, fire protection equipment companies, and the insurance industry.

Program Overview:

Students may attend either full- or part-time and select from both day and evening classes. Courses are based upon National Fire Protection Association Professional Qualification Standards, National Fire Academy Fire and Emergency Services Higher Education model curriculum and International Association of Fire Chiefs Officer Development Handbook course recommendations.

Graduate Earnings

Recent graduates report an average starting salary of \$37,128 annually, not including overtime.

"The Fire Protection Technology and Paramedic programs at Southeast Community College provide students the necessary knowledge and hands-on experience to make the transition from student to an emergency responder. At Beatrice Fire & Rescue, we care for the needs of our community as emergency health care responders and firefighters. Many of our staff have received training and education from SCC. When we go through the hiring process, it is one of the items that we look at in a candidate."

- Brian Daake, Fire/EMS Chief, Beatrice Fire & Rescue/EMS, Beatrice, NE

Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu. This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice. A0722 - FIRE (08/17)

Students will have fees for a medical evaluation and a criminal background check. Students are required to meet the medical requirements of NFPA 1582: Standard on Comprehensive Occupational Medical Program for Fire Departments as determined by medical evaluation by a physician.

A criminal background check is required for EMTL1301 and EMTL1302 Emergency Medical Technician Parts 1 and 2. A non-refundable fee will be assessed for the criminal background check.

Special Program Requirements:

1. A criminal background check is required for EMTL1301 and EMTL1302 Emergency Medical Technician Parts 1 and 2. Based on the outcome of the background check, a student may be prevented from taking courses and completing the program. A non-refundable fee will be assessed for the criminal background check. Misdemeanor or felony convictions may prevent a graduate from acquiring emergency medical certification/licensure and may make a graduate ineligible for employment in emergency services.
2. All Fire Protection (FIRE) courses must be completed with a C+ or higher to progress through the program.
3. All other required courses must be completed with a C or higher to progress through the program.
4. Students are required to meet the medical requirements of the National Fire Protection Association 1582: Standard on Comprehensive Occupational Medical Program for Fire Departments as determined by medical evaluation by a physician.
5. Students are required to perform physically demanding activities under varying conditions of stress, heat and humidity for uninterrupted periods of up to 30 minutes. While wearing full protective clothing and using self-contained breathing apparatus weighing 50 pounds, students must be able to carry or drag equipment or simulated victims weighing 200 pounds.
