A MESSAGE FROM YOUR DEANS OF STUDENTS
The recent deaths of George Floyd, Breonna Taylor and Ahmaud Arbery is part of an appalling history of racist harassment, assault, and murder that stretches back far too long in the life of our nation. There are too many victims whose experiences never made headlines and whose names will never become public. This is both an individual and collective trauma, and one that we refuse to ignore. These feelings of grief, anger and heartbreak are real and valid and weighing heavily on the hearts and minds of many SCC students, staff and faculty. Racism has no place anywhere in our society and certainly not at SCC.

We make the following commitment to our students:
1) To provide resources and educational opportunities for Student Affairs staff to learn what advocacy and allyship for our black, indigenous and other students of color looks like in action and to empower all to stand up and speak out against injustices.
2) To provide a safe place for black, indigenous and other students of color to give voice to concerns and emotions they are currently experiencing and witnessing.
3) To continue to enforce the SCC Standards of Conduct that expects all students demonstrate respect for others and adhere to the principles of diversity (www.southeast.edu/standardsofconduct).
4) To actively seek out the voices of black, indigenous and other students of color in the development and improvement of Student Affairs programs and services.

You have our commitment to do the work to educate ourselves, to confront our internal and unconscious biases and to broaden our world views so that we do not place that burden on you, the student. It is not the responsibility of black, indigenous and people of color (BIPOC) to school us on the do's and don'ts and why's and why not's. That responsibility is on us, and you have our commitment to protect and strongly advocate for your physical, emotional and academic well-being.

As a reminder, SCC also provides free counseling services available to all students enrolled in credit courses. For more information, visit www.southeast.edu/CAPS or contact Kalika Jantzen, Director of CAPS, at kjantzen@southeast.edu or 402-437-2286.
